

Special Topics in Raising Your Challenging Child

Fall 2016 Parent Training Program

Two Wednesday Mornings in Potomac, MD

with

Dan Shapiro, M.D.

Developmental and Behavioral Pediatrician

www.raisingyourchallengingchild.com

Session Topics

A CONTINUATION OF DR. SHAPIRO'S POPULAR PROGRAM, RAISING YOUR CHALLENGING CHILD.

For parents of children of all ages with challenging temperaments or developmental differences, these 2 interactive sessions cover common problems with sleeping and eating. Different approaches for different children.

We will focus on one topic each night. Dr. Shapiro will present some background concepts and specific strategies. Then the group will discuss individualized approaches to implementation; real-life challenges, real-life solutions. See course materials on-line.

- September 21:**
Helping Your Child with Sleep Problems
